

To whom it may concern:

I have had the privilege of working with Heavenly HARVST Foundation the past three years. In my current position, I have the honor to work with a large number of impactful organizations, but Heavenly HARVST has a unique model, one that takes hunger relief to a higher level. They do not settle for the general USDA meal standard, they exceed it with a world class nutritious recipe that includes high quality proteins and vegetables.

Most people know their founder, Chef John Doherty, as a world renowned Chef and Author. I fortunately had the opportunity to see another dimension of John, that is his heart and dedication to serve those deserving families in need. I personally watched him volunteer for hours handing out their exclusive meal packets. It was very rewarding to see the smiles on each family member's face when they received their Heavenly HARVST meal. This was just one of many food distributions that have received this impactful product. He puts all his effort and dedication to make sure so many families have food security. Chef John Doherty and the entire Heavenly HARVST team dedicate their hearts to provide free delicious nutritious meals to struggling families.

I look forward to the future of Heavenly HARVST Foundation, and hope other organizations have as much compassion in serving high quality food to the overwhelming amount of people in this world that face hunger daily.

Sincerely,

Hogan Thomas

VP of Logistics Inventory Management
